Updates

- **SAFE BMUFL Signage**
 - Engineering has submitted the encroachment permit request package to NCDOT, process typically takes 3-4 weeks.
 - <https://safelkn.com/bmufl/>
- **North Mecklenburg Park Greenway**
 - [Draft Schedule Link](#)
 - Kyle Shackert met with the team from McAdams to discuss how the mountain bike trail will interact with the greenway. Discussed additional signage, markings on the

trail and greenway to alert users of intersections, locations where we want to discourage entrance into the trail.

- **Downtown Greenway Phase 2**

- [CMS agreed easement](#)
- We have talked to CMS, and they are ok with us moving the trail to 50ft from the residential property lines with the town being responsible for any cost to relocate it when the new school is built. We plan on moving forward with this option.
- Construction should begin in February 2022 as scheduled.

- **Downtown Greenway Trail Head Sculpture**

- [Concept Sculpture](#)
- Reached out to Artist to get a quote for the concept pieces to have an idea of how much funding we will need.
 - Artist quote: \$39,000 - - we currently have \$10,000 secured. Will work with the public art commission for additional funding.

- **The Park – Huntersville**

- Partial South segment to be built by developer
- Apt. complex is using greenway as frontage, therefore they had to build the section. Town staff is working with Meck Co. Staff to assess alignment and review plans.
